

MOLECULAR FOUNDRY
USER MEETING
August 21–22, 2019

Molecular Foundry User Meeting 2019

Sponsor Prospectus

Dates: August 21-22, 2019

Venue: Lawrence Berkeley National Laboratory

Meeting Overview

The Molecular Foundry User Meeting is the annual gathering of current and prospective Molecular Foundry users. Over 300 researchers from 80 different universities, national labs, and companies attend the meeting to focus on the most exciting work being done in nanoscience, including microscopy, synthesis, characterization, theory, and fabrication.

The Molecular Foundry is a Department of Energy-funded nanoscience research facility that provides users from around the world with access to cutting-edge expertise and instrumentation in a collaborative, multidisciplinary environment.

The User Meeting program includes a full-day plenary session featuring outstanding keynote speakers:

- **Cherry Murray**, Professor of Physics and Director of the Biosphere2 Institute, University of Arizona
- **John Rogers**, Louis Simpson and Kimberly Querrey Professor of Materials Science and Engineering, Biomedical Engineering, Neurological Surgery

The plenary session will be held on August 21, followed by a reception, poster session and sponsor exhibit (5:00-7:00 pm)

The second day of the meeting, August 22, features eight topical research symposia, featuring subject matter experts invited to Berkeley from across the country:

- Metal Halide Perovskites: Opportunities, Challenges, Future Directions
- Multimodal In situ Methods at the Materials Interface
- Materials Discovery and Design to Enable a Circular Materials Economy
- Materials and Devices for Brain-Like Computing
- New Directions in Phase Contrast Electron Microscopy
- Quantum Sensing: Theory, Sensors, and Application in the Chemical and Earth Sciences
- Cutting-Edge Research at the Bio/Nano Interface
- Next-Generation Quantum Materials for Coherent Transport and Emission Phenomena

Sponsorship Levels and Benefits

We are pleased to offer the opportunity to sponsor this meeting at four levels, as detailed below.

Platinum-Level Sponsor: \$3,000 (one available)

Your company will receive official recognition as Platinum sponsor, with the following benefits:

- Company logo featured prominently as Platinum Sponsor on website and printed materials, and on rotating slideshow between plenary sessions
- Company logo featured prominently on gift item for participants
- Tabletop display space for engaging with attendees during plenary-session breaks and the reception
- Company marketing materials displayed at registration desk
- Four conference registrations (\$780 value)

Reception Sponsor: \$2,000 (three available)

Your company will receive official recognition as sponsor of the reception, with the following benefits:

- Company logo featured on website and printed materials, and rotating slideshow between plenary sessions
- Tabletop display space for engaging with attendees during the reception
- Company marketing materials displayed at registration desk
- Two conference registrations (\$390 value)

Symposium Sponsor: \$1,500 (eight available)

Your company will receive official recognition as sponsor of a symposium of your choice (each a half-day session, four at a time), with the following benefits:

- Company logo featured on website and printed materials, and rotating slideshow between plenary sessions
- Company marketing materials displayed at symposium event
- Opportunity to formally address attendees at opening of symposium session
- Two conference registrations (\$390 value)

Friend of the Foundry: \$500

Your company will receive official recognition as a sponsor, with the following benefits:

- Company logo featured on website and printed materials, and rotating slideshow between plenary sessions
- One conference registration (\$195 value)

Contact
